Hello, everyone! How are you all doing?
I think it's hard to live under restrictions every day.
In such a case, please refresh yourself and have fun.
Then, let's take good measures against infectious diseases while waiting for us to return to our peaceful daily lives!

Take Care!

Follow the school's health guidelines and protect each other from infection.

My favorite K-pop Artist and Korean Actor

Ayane Tamugi - 3rd Grade English Club Member

ITZY

ITZY is a group of Korean girls. There are five working members. Their label is JYP. ITZY's active members are Yeji, Ryujin, Chaeryeong, Lia, and Yuna. My favorite member is Yuna. The reason I'm supporting her is because she is the same age as me, but she looks very mature and has a good style. I long to be like her.

My favorite song by ITZY is "WANNABE" because it's a song that gives me energy. Let's listen to ITZY's songs!

PARK HYUNGSIK

He is a Korean actor. Aside from being an actor, he was in a nine-member Korean boys group called ZE:A. When he was an idol, he was in charge of vocals. In addition to singing, he danced very well! He started acting in earnest around 2014. The famous drama he appeared in was Hwarang, SUITS, Strong Woman Do Bong-soon, and High Society. I saw Hwarang and Strong Woman Do Bong-soon. Both dramas were very interesting. I think it's amazing that he can act as well as sing. Let's look at his performance!
